Oval <b>OV</b>		<b>2</b> Flush cups with door edge pull	<b>SL1-50</b> 50mm backset (default)	<b>625</b>	
Square <b>SQ</b>		<b>3</b> Passage cups without door edge pull	<b>SL1-30</b> 30mm backset	<b>626</b> or per specification	
Rectangle <b>RT</b>					
Teardrop <b>TD</b>					

## SL2 Trim Options

### Recessed Trim

Ideal for pocket doors or bypassing barn doors where flush trim is required.

Full recessed trim sets, such as the RT rectangular option pictured here, are detailed on page 3. Recessed interior side trim can also be paired with surface-mounted pulls on the exterior, if desired.

### Surface Mounted Trim

Choose from a wide variety of turnknob, coin release, indicator, and rose options shown in the Surface Mounted Sliding Door Trim section on page 10.

In addition, refer to our suggested door pulls on page 11, or our Architectural Door Pulls Catalog to see hundreds of door pull design options that can pair with the SL2 lock.

## Easy Order Kit SL2 Barn Door Lock and Pull Set

### Complete Set SL2 Privacy Lock and Handicap Trim bundled with Door Pull

This lock and trim set is furnished complete and ready to install, and includes our industrial strength SL2 sliding door lock, R71 ADA turnknob/emergency release, and a DPA4005 back-to-back mounted door pull.

This set is configured with handicap accessibility in mind and complies with the ADA requirement for no pinching or grasping needed to operate the lock.
